\$12 million

on parks, sport and environment

City of
Ipswich

TOTAL 2024-2025 BUDGET \$663 MILLION

Ipswich City Council's 2024-2025 Budget and Annual Plan is dedicated to enhancing services and maintaining momentum in infrastructure development for our fast-growing city.

Our \$204 million capital works program means we can continue to progress key projects including the duplication of Springfield Parkway and Springfield Greenbank Arterial, expansion of Redbank Plains Road, improvements to the Mary and William streets intersection upgrade and upgrade of Ripley and Fischer roads.

We continue to alleviate pressure on Ipswich households by offering free services including libraries, exercise classes, school holiday events and festivals.

Council has also retained its rates payment discount and rebates for pensioners and veterans to further support our community.

In recognising the struggles of those who rent their home, we are one of the few applying the same rate increase to all residential properties, so renters are not increasing more than homeowners.

The rising cost of living is a challenge to all, and we have ensured this is a balanced budget that will not add unnecessary costs to residents as council only plans to spend what it can afford.

Mayor Teresa Harding

CITY BY NUMBERS

\$13.8m
